

PROJECT Checklist

1. What does one want to produce?

☐ milk	☐ milk	☐ yoghurt	☐ cheese	☐ curd
☐ beef	☐ fresh meat	☐ sausages	☐ specialty products	
☐ pork	☐ fresh meat	☐ sausages	☐ specialty products	
☐ fish	☐ fresh fish	☐ fish products	☐ specialty products	
☐ vegetables: _____				
☐ others: _____				

2. How much does one want to produce?

☐ milk	☐ milk	☐ yoghurt	☐ cheese	☐ curd
quantity:	_____	_____	_____	_____
☐ beef	☐ fresh meat	☐ sausages	☐ specialty products	
quantity:	_____	_____	_____	
☐ pork	☐ fresh meat	☐ sausages	☐ specialty products	
quantity:	_____	_____	_____	
☐ fish	☐ fresh fish	☐ fish product	☐ specialty products	
quantity:	_____	_____	_____	
☐ vegetables				
quantity:	_____			
☐ others: _____				
quantity:	_____			

3. What properties are available?

☐ **land**

☐ agricultural land

☐ building area

size in m²:

☐ **hall**

☐ masonry

☐ wooden construction

☐ steel construction

size in m²:

☐ **garage**

☐ masonry

☐ wooden construction

☐ steel construction

size in m²:

☐ **greenhouse**

size in m²:

4. How is the electricity supply ensured?

☐ public electricity supply ☐ self-sufficiency

☐ public electricity supply and self-sufficiency

What is the connection power: _____

5. How is the water supply ensured?

☐ public water supply ☐ self-sufficiency

☐ public water supply and self-sufficiency

What is the capacity: _____

6. Is there an assessment of the water values?

☐ yes

☐ no

7. Is there existing wastewater disposal, is there a sewage system available?

☐ yes ☐ no

If yes, which one: _____

8. Is waste disposal regulated in these areas?

☐ yes ☐ no

If yes, how: _____

9. Is vegetation present?

☐ yes ☐ no

10. Is the project implemented by the government or privately?

☐ by the government ☐ private

11. Is skilled personnel available?

☐ yes ☐ no ☐ yes, but needs training

12. Is auxiliary personnel available?

☐ yes ☐ no

13. Does the staff speak English?

☐ yes ☐ no ☐ if no, which language: _____

14. Are construction, plumbing, HVAC, electrical, and pool technology companies available in the region?

☐ yes ☐ no

15. Are there any important restrictions on machinery, feed, live animals?

☐ yes ☐ no

16. Is there a logistics system in place?

☐ yes ☐ no

17. How is the marketing planned?

☐ through trade ☐ directly to the end costumer

18. In what timeframe should the project be implemented?

☐ immediately ☐ within the next 6 months ☐ within the next 12 months

19. Which national authorities are responsible for implementation?

Your partner for infrastructure development in the field of food production and supply:

PROFarm GmbH.
